

Comfort Scrape™ #430

Wet/Dry Area Anti-Fatigue Mat – 11mm thick

Features and Benefits

- Comfort Scrape has superior anti-fatigue properties to ensure employee comfort and ergonomic benefits.
- 100% high density, closed cell nitrile rubber cushion provides maximum resistance to water, oil, grease, chemicals and animal fat.
- Lightweight, easy to clean material outperforms thicker, heavier mats.
- Simply hose off or pressure wash to remove debris.
- Low profile design, 11 mm thick and slip resistant surface helps minimise slip and fall accidents.
- Soft, anti-static nitrile rubber compound is ideal for use in packaging and assembly areas, industrial workstations, machine shops and welding stations.
- This floor mat is certified slip-resistant by the National Floor Safety Institute.
