

HYDRASORB VG

ENTRANCE MAT

Hydrasorb VG entrance matting is used in high foot traffic entrances throughout Australia.

It is constructed from heavy duty carpet fibre that is up to three times the weight of similar mats, enabling it to handle heavy foot traffic over a period of years.

Hydrasorb VG is the best choice when you need a mat that can take a real beating and remain looking good.

FEATURES & BENEFITS

- Fire resistant
- The perfect solution for recessed mats
- Absorbs and holds substantial amounts of water on wet days yet dries quickly
- Available with heavy duty edging, so trolleys can ride up with ease, and edge cracking and splitting is minimised
- Available in a 4m wide roll ideal for large recess areas to minimise joins
